Cheers to another wonderful year!

Sincerely,
PGSA

PS. The AMAZING Mentoring & Awards Committee created a Kudos newsletter this year that covers many of our department’s ongoing accomplishments. This newsletter hopes to build upon their work with pictures and overarching progress!

PPS. These details are not exhaustive and represent only what was submitted/collected at the time of newsletter creation.
A Big Thank you!

We will miss Dr. Jim Hamilton and Dr. Bev Roskos as they embark on their post-retirement journeys!

The service, ingenuity, and scholarship you have given to our department, the field of psychology, and the world at large is immeasurable.

Mental Health Resources

As PGSA, we wanted to take a moment to recognize the persistently unprecedented times we’ve been living in and the weight that places on us all. While graduate school has its own challenges, there have been many local, national, and global events recently that affect individuals we work with, our friends, our families, and certainly ourselves. During difficult times, which seem to be the norm right now, we know messages of self-care only go so far. Nevertheless, it is truly an important time to take care of yourself, whatever that may mean for you. We’ve attached a list of mental healthcare resources shared with graduate students in the past. This list was put together a few years ago for students and remains up to date (see attached list to newsletter).

As always, you are all doing amazing work and please reach out to those around you if you need it.
